

**Welcome to winter is coming**  
**Year 13 week 9 Fryupday 8<sup>th</sup> Marche 2019**

*"Giving up beer for lent will bring me closer to god, and red wine"*

If you read the menu all the way through and still find you are alive, and if there is nothing you like then let the kitchen know and we'll call you a taxi or we'll phone in a pizza for you or make you something you want. If we have no food by the time you come to join us, then I am sorry but we have been busy or just lazy or both. Any dietary requirements or allergens known? please if you are allergic to any foodstuffs please let the waiting staff know before you order so as they can advise you on your food choice or you can use your phone if it's a clever one to download a full list from our website, please note our mayonnaise based dishes are made with uncooked egg yolks, pregnant women should not eat lightly cooked or uncooked eggs throughout their pregnancy, so we have been told, so just bear that in mind. Thanks. One last thing, just because things are vegetarian doesn't mean meat eaters can't eat them, vegetables don't hurt, although there was that case of bananas in pyjamas early 1995 and the killer tomatoes early Saturday mornings with pat sharp-denim disaster.

**NOTE: (GFi) (DF) stands for gluten free ingredients/dairy free option available please check with waiting staff first as a simple substitution might be needed to make the dish suitable for your dietary requirements. Burger buns substituted with gluten free bread: batters substituted with gluten free flour and cider batter.**
