

The butterfly
and the pig

Afternoon Tea

Located on the main floor of our Georgian Townhouse you'll find our quirky, quaint and vintage Tea Rooms where we've been serving our version of afternoon tea for almost two decades now. At The butterfly and the pig we believe in hearty portions and our afternoon tea is no exception, guaranteed to fill you full we feel the Duchess of Bedford would approve of our truly original and quirky take on her wonderful invention.

Towered high on our vintage, and mis-matched plates, you'll find a selection of our homemade cakes and scones, filled sandwiches, a side of our famous pickled cucumbers and, of course, we can't forget about the homemade crisps.

Everything is made by our team to ensure there are veggie, vegan, gluten free and dairy free options available, so no one needs to miss out!
